8/19

The evolution of orthognathic principles and practices, combined with knowledge of recent advances, helps the clinician more effectively treat challenging clinical problems. Coordinated comprehensive treatment planning primarily between the orthodontist and the orthognathic surgeon will help improve patient outcomes and decrease complications. Continuing education benefits clinicians by exposing them to new knowledge in the field, which in turn, leads to improved patient outcomes.

### Target Audience

This Symposium should be of special interest to attending physicians/surgeons/dentists and residents in Oral and Maxillofacial, Otolaryngology – Head and Neck, Plastic Surgery and Orthodontics.

### Learner Objectives

Upon completion, participants should be able to:

- Identify advances and techniques in orthognathic surgery practice that contribute to functional and aesthetic improvement for patients
- Describe prevailing approaches to both routine and complex orthognathic clinical care problems
- Recognize the factors involved in a calculated treatment plan for orthognathic patients to achieve a predictable outcome including a thorough evaluation, proper diagnosis and setting realistic expectations
- Utilize an interdisciplinary approach in the evaluation and treatment of patients with dentofacial deformities

### Course Chairperson

Jeffrey C. Posnick, DMD, MD, FRCSC, FACS  
Director, Posnick Center for Facial Plastic Surgery  
Clinical Professor of Orthodontics  
University of Maryland, School of Dentistry  
Adjunct Professor of Oral and Maxillofacial Surgery  
Howard University College of Dentistry,  
Washington, DC, District of Columbia

### Course Co-Chairpersons

Richard Hopper, MD, MS  
Marlys C. Larson Professor  
University of Washington  
Surgical Director  
Craniofacial Center  
Seattle Children's Hospital  
Seattle, Washington

Travis Tollefson, MD, MPH, FACS  
Professor & Director  
Facial Plastic and Reconstructive Surgery  
Otolaryngology-Head & Neck Surgery  
University of California, Davis  
Sacramento, California

### Course Director

Larry Cunningham, DDS, MD, FACS, FICD  
Professor and Chair  
Department of Oral and Maxillofacial Surgery  
Associate Dean for Hospital Affairs  
University of Pittsburgh School of Dental Medicine  
Pittsburgh, Pennsylvania

### Accreditation

AO North America is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

AONA has been resurveyed by the Accreditation Council for Continuing Medical Education (ACCME) and awarded Accreditation with Commendation.

### Designation Statement

AO North America designates this *live* educational activity for a maximum of 7.0 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

### Faculty

Cory M. Resnick, DMD, MD, FACS  
Department of Plastic & Oral Surgery  
Boston Children's Hospital  
Boston, Massachusetts

Leonard Kaban, DMD, MD, FACS  
Walter C. Guralnick Distinguished Professor & Chief Emeritus  
Department of Oral and Maxillofacial Surgery  
Massachusetts General Hospital  
Harvard School of Dental Medicine  
Boston, Massachusetts

Srinivas Susarla, DMD, MD, MPH  
Craniofacial Center  
Seattle Children's Hospital  
Assistant Professor  
University of Washington  
Seattle, Washington

Timothy J. Tremont, DMD, MS  
Professor and Chairman  
Department of Orthodontics  
College of Dental Medicine  
Medical University of South Carolina  
Charleston, South Carolina

Zachary Peacock, DMD, MD, FACS  
Assistant Professor in Oral and Maxillofacial Surgery  
Massachusetts General Hospital  
Harvard School of Dental Medicine  
Boston, Massachusetts

*Faculty subject to modification.*

## Preliminary Program – Saturday, March 14, 2020

- 07:50 – 08:00** Welcome and Introduction  
*Speaker: L. Cunningham*
- 08:00 – 09:00** **Session I:** Surgical Correction of Dentofacial Deformities: Changes in the Fourth Dimension After Treatment – Time!  
*Speaker: L. Kaban*
- 09:00 – 10:00** **Session II:** Sequencing of Orthodontics in Conjunction with Orthognathic Surgery: Current Trends & Clinical Perspectives  
*Speaker: T. Tremont*
- 10:00 – 10:30** **Coffee Break**
- 10:30 – 11:15** **Session III:** Orthognathic Surgery: Considerations in the Previously Distracted Patient  
*Speaker: S. Susarla*
- 11:15 – 12:00** **Session IV:** Optimal Horizontal Advancement of the Maxilla for the Correction of Dentofacial Deformities: How to Decide?  
*Speaker: C. Resnick*
- 12:00 – 13:00** **Lunch**
- 13:00 – 14:00** **Session V:** Orthognathic Surgery: What's the Evidence for What We Do?  
*Speaker: S. Susarla*
- 14:00 – 15:00** **Session VI:** Correction of Complex Maxillofacial Deformities using Counter Clockwise Rotation Movements: Update and Clinical Perspectives  
*Speaker: R. Hopper*
- 15:00 – 15:30** **Coffee Break**
- 15:30 – 16:15** **Session VII:** Redo Orthognathic Surgery: When to Proceed and Why  
*Speaker: J. Posnick*
- 16:15 – 17:00** **Session VIII:** Juvenile Idiopathic Arthritis: Maxillofacial Involvement & Treatment Approach  
*Speaker: Z. Peacock*
- 17:00** **Adjournment**

*Preliminary program subject to modification.*
